READ CAREFULLY

TERMS OF SALE

1. Auction sales ARE NOT approval sales. Read these terms carefully. By submitting bids you agree to the terms set forth below. All coins have been classified by experts and while errors will be gladly corrected NO LOT MAY BE RETURNED WITHOUT WRITTEN PERMISSION. Request to return coins MUST BE MADE WITHIN TEN DAYS OF RECEIPT OF COINS.
2. All bids are to be by LOT as numbered in the catalogue.
3. This is a PUBLIC AUCTION. All bids are entered as received and highest bidder will be the buyer. Mail bidders may feel free to submit any bid they wish and each lot will be purchased for such bidders at the next highest bid over room bidders. In case of unlimited bids the first such bid received shall get the lot at the next advance over a firm or room bid.
4. Bidders must establish credit or have on deposit 25% of TOTAL bids.
5. Lots will be available to room bidders after each session.
6. Mail bidders will receive their lots promptly after the end of the sale. ALL ACCOUNTS MUST BE SETTLED WITHIN 30 DAYS.
7. Lots delivered in New York City are subject to 3% City Tax.
8. There will be no charge for executing bids but postage and insurance will be added.
9. Where estimates are given they represent either the owners idea of value or our professional opinion as to what they should bring. IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot, bid close to or over estimate.

THE CHARLES A. KAYS COLLECTION OF ODD & CURIOUS MONEY

We are proud and honored to have been commissioned by the Estate of the late Charles A. Kays of Pittsburgh, Pa. to sell his remarkable collection. Mr. Kays was President of the Acme Stamping & Manufacturing Company, Director First National Bank of McKees Rocks, Director of the Boys Club of McKees Rocks, active in Masonic work and many other worth while activities. A confirmed bachelor (altho not a hater of women) he had a remarkable taste in his selection of specimens for his collection. It was the writers privilege to have known him intimately for over 25 years and to have advised and guided him in his purchases. His taste for coins, medals and odd and curious money was excellent. Only the very best were acceptable to him.

Interest in the collecting of authentic specimens of unusual coinages, medias of exchange has increased tremendously in the past few years. Collectors have found that while their first love may be in the U. S. series there is much to be found in the pleasure of collecting the unusual. Some of the greatest collectors in the U. S. A. today are quietly building a collection of odd and curious money.

In placing estimates on the value of each lot we have been guided by (a) what the specimen cost (b) what the true market value is today. WE RECOMMEND that serious collectors send us an order for a copy of our new edition (third revision) ODD & CURIOUS MONEY OF THE WORLD. A COMPLETE REGISTER compiled by Howard D. Gibbs for us in 1946. This will give you the actual market value of all odd & curious money and is based on more than 40 years search for such specimens by the compiler who owns the largest private collection in the World today. The price is \$2.00 postpaid.

THE CHARLES A KAYS COLLECTION OF ODD & CURIOUS MONEY

BRITISH ISLES AND EUROPE

- 1 **England** Wooden tally sticks. During the 12th to 15 Centuries few people except the Clergy & Nobles could read or write. Records of deposits and withdrawals were made by writing the name of the depositor and his address on a small stick made of ash or hazel. The number of pounds & shillings were indicated by notches. The sticks were then split, the depositor getting one and the Banker or Goldsmith the other. These old tallies were stored in the basement of the House of Parliament after their use was discontinued by the Bank of England. In 1841 authority was given to destroy these old records. In using them for heating the House of Parliament burned down. Now very rare and only a few have survived. 8" (35.00)

SWEDEN: COPPER PLATE MONEY. Because of the expense of wars Sweden was drained of its gold and silver. Copper was abundant and coins were struck in copper. "Believe it or Not" this was real money as the intrinsic value of the copper was equal to the value of these heavy copper plates. Export of these plates is now prohibited and they are becoming increasingly scarce. These specimens are from the Sternberg-T. James Clarke, Jamestown N. Y. Collection.

SIAM PORCELAIN TOKENS

The Siamese are inveterate gamblers and around 1800 many gambling houses, almost universally Chinese, began issuing tokens of brass, glass and porcelain. They were exchangeable everywhere and when small coins became scarce were used as regular money. They are beautiful, come in all colors of the rainbow and in many shades, round, square, oblong, basket shape, fish, birds and many others. The following lots are the duplicates taken from the Prince Damrong collection containing over 5500 varieties and sold to Howard Gibbs many years ago. We believe all are different and each lot contains many varied shades and colors.

BURMA — CAMBODIA

We offer herewith the finest collection of the curious animal weights of Burma. Starting back many centuries ago each King had issued a set of OFFICIAL WEIGHTS the form used being that of the animal representing his birthdate. For instance King Alompra 1753-60 was born under the sign of the ELEPHANT so the weights which every merchant was required to have in shop were cast at Mandalay in the shape of elephants, King Bodopaya 1781-1819 was the LION, King Naungdozi 1760-63 was the DUCK; King Mindon Min 1852-78 as well as Thibaw 1878-85 was the SWIFT (a bird). For the complete history of the issuance and the use of these curious numismatic pieces see Sir Richard Temple in the INDIAN ANTIQUARIAN 1898 and also in 1913. Sir Richards states that while these pieces were the official issues of the Kings of Burma their was wide spread in parts of CAMBODIA AND NORTH SIAM (LAOS STATES).

JADE COINS — PATTERNS — AMULETS

JADE has always been held in the highest esteem by the Chinese and aside from use as ornament, for carving pleasing statues and other utilitarian uses, jade has been used from the very earliest period to make TRIAL PIECES of a proposed new coinage for presentation to the Emperor for his approval. It was also used as amulets by the wealthy to ward off evil, bring luck and to close the orifices of the dead. In a few cases actual JADE coins were used in the Palace. See Gibbs catalogue for full details.

A WORD ABOUT COIN AUCTION SALES

It is a simple matter to sell a collection of nice coins. Any dealer will buy such a collection outright or offer it to the public at auction. However, all collectors accumulate duplicates from time to time and it is not always easy to market these at a fair price. INCLUSION IN AN AUCTION IS THE SOLUTION. Catalogues go to all types of collectors in all parts of the World and somewhere someone is looking for the coins you want to dispose of.

The Schulman family have been NUMISMATISTS for over 75 years. Our mailing list reaches thousands of collectors in every country in the World except behind the Iron Curtain. More than 600 mail bids were received for our last sale which was not an important one. It is not unusual for us to receive over a thousand mail bids when the sale is important. Our terms are fair and reasonable and are based on what you have to sell, how they are received and their value. If you want to sell your COLLECTION or just your duplicates why not write us for our terms. The present sale contains MORE THAN TWENTY FIVE CONSIGNMENTS . . there MUST be a GOOD REASON.

A Word About

PRICE LISTS . . CATALOGUES . . BULLETINS

Every year we issue a number of Fixed Price Lists covering many fields . . FOREIGN CROWNS . . DECORATIONS . . SIEGE & COUNTERSTAMPED GOLD, ETC. We hold several auctions each year. From time to time we publish a bulletin. YOU CAN GET ALL THESE along with the Price Lists of our auctions by subscribing to the YEARLY PLAN for \$2.00. This does not cover the cost of printing and mailing BUT it does help and tells us who the active ones are.
